EXPERIENCE

Datadog — New York, NY

Technical Account Manager

Feb 2025 – Present

- Manage 4 enterprise accounts with a combined \$28.9M ARR book of business, including Fortune 500 organizations in healthcare and automotive
- Drove significant ARR growth across accounts, including 73% at UnitedHealth Group and 119% at Toyota Motor North America over two years, through health checks, performance reviews, and strategic optimization
- Delivered strong account outcomes at renewal — each organization expanded their TAM investment, adding dedicated headcount to their contracts
- Mentor new TAM team members on technical skills and soft skills; participate in team knowledge-sharing events to influence ways of working
- Created playbooks and enablement resources for other TAMs, accelerating onboarding and standardizing best practices across the team

Technical Account Manager 2

Sep 2023 – Feb 2025

- Closed the first TAM contract in the LATAM region — \$140K deal through pre-sales initiatives and Datadog demos
- Supported the largest Brazilian customer in their full migration to Datadog, leading enablement sessions in Portuguese; grew their investment from \$128K to \$374K, nearly tripling usage
- Provided dedicated support to major North American accounts through regular health checks and performance reviews, identifying opportunities for cost savings and optimization
- Bridged the gap between Product Managers and customer teams, ensuring customer feedback influenced the product roadmap and development priorities

Senior Solutions Engineer – APM

Jan 2023 – Aug 2023

- Built virtual sandboxes with APM enabled across popular customer stacks to make troubleshooting more efficient
- Resolved 80+ APM customer tickets per month through troubleshooting calls and detailed written guidance
- Led APM enablement sessions and office hours to upskill the broader solutions engineering team

Solutions Engineer

Mar 2021 – Jan 2023

- Supported customers through tickets, live chat sessions, and troubleshooting calls
- Led demos to prospective customers, contributing to \$400K in closed deals annually
